

IT'S NOT JUST PART OF THE TURF.

IT'S PART OF THE GAME.™

Envirofill is the infill of choice on the FIFA 2-Star certified fields of Australian National University. It's cooler, more natural, and non-compacting. And, it's durable and completely reusable for multiple turf lifecycles. But what you'll really respect is its superior performance. Sound like a champion you'd want on your field? Call 800-548-0402 or visit usgreentech.com for more information and samples.

“Envirofill made the system unique in its multi-sport application and its green credentials. The fields passed all relevant artificial turf standards (FIFA, IATS, IRB, FIH, AFL, Cricket) confirming it to be a true multi-sport artificial turf system.”

- Jeffrey Albrecht, Sustainability Officer | Australian National University

Maximum playability. Envirofill® tests have shown that it has 85% less flyout than crumb rubber infill. Its highly rounded quartz core resists compression so it doesn't continue to compact over the life of your field.

It's cool. Envirofill's natural heat reducing properties have been proven to lower synthetic surface temperatures as much as 25%. And it resists changes brought on by even the harshest weather conditions.

It's cleaner. Microban antimicrobial protection is infused into Envirofill during the manufacturing process to help prevent the growth of bacteria, mold, and mildew that can cause stains, odors, and product deterioration.

It's reusable. With its superior durability, Envirofill can be used for multiple turf lifecycles with no decrease in performance.

PRODUCT DATA ENVIROFILL® 12-20

Physical properties	Measure	Test Method	Value
Dimensions	98.6% Retained 12-20 mesh sieves		
Materials	99.6% Silicon Dioxide, Pigment and Acrylic		
Hardness	Mohs Scale		6-8
Roundness	Krumbein Shape	ISO13503-2/API RP19C	0.7+
Density	lbs/cf	ASTM F-1815-06	110
Flammability		ASTM E648	Non-flammable
Dust			Negligible
Angle of Repose		ASTM C1444	±30 degrees
TCLP Metals Content	mg/kg	ASTM 6010	<Min Detectable Levels
Abrasiveness	Index	ASTM F 1015	26+/-2
Coefficient of Friction	Direct	ASTM F 1551	0.80 dynamic
Packaging	50lb bags or 3000lb Super Sacks		

Envirofill's exclusive partnership with Microban® provides an added level of antimicrobial protection for the lifetime of your infill.
